MECHANICAL ENGINEER

Seeking a challenging and rewarding opportunity with an organization of repute which recognizes and utilizes my true potential while nurturing my analytical and technical skills across the industry

PROFILE

- Competent and diligent professional
- Possess knowledge of Material Planning, Production Planning, Maintenance & Operation Activity, Manufacturing, Mechanical Tools and Quality Assurance.
- Possesses planning, execution, condition monitoring and resource-balancing skills, as well as the ability to handle machines breakdowns, preventive maintenance, planned maintenance, overhauling, product development & inventory control; efficient in failure analysis while ensuring application of best maintenance practices.
- Ability to conceptualize the processing for the product development with careful & sophisticated quality control measures in compliance to the specified standards while performing root-cause analysis to prevent any reoccurrences & defective issues.

Core Competencies

♦ Plant Operation & Maintenance ♦ Breakdown Solutions ♦ Material Management ♦ Planning & Scheduling ♦ Team Management ♦ Safety

PROFESSIONAL EXPERIENCE

Employer: INANI MARBLES & INDUSTRIES LTD. ,Chittorgarh Duration- June 2020- Till date

Designation- Production Engineer- Quartz Slabs

Key Responsibilities-

- Production Planning and Control
- Managing and monitoring Daily Basis Production Targets and their regular Inspection.
- Organize workflow to meet specifications and deadlines.
- Ensure the standards and quality of the product produces and take actions wherever required.
- Supervise and evaluate the operations at every section of production.
- Determine amount of necessary resources (workforce ,raw materials etc.) and implement accordingly.

Employer: YOGIRAJ POLYTECHNIC COLLEGE, Kota Duration- December 2018- September 2019

Designation: FACULTY -MECHANICAL ENGINEERING

Responsibilities-

Responsible for teaching Mechanical Engineering for Diploma Course for 1st,2nd and 3rd year.

Employer: Maharishi Arvind International Institute Of Technology ,Kota Duration-Sept 2015 –November 2018

Designation: Lecturer -MECHANICAL ENGINEERING

Responsibilities-

Responsible for teaching Mechanical Engineering for Engineering Course for 2nd, 3rd and 4th year.

Employer: PACIFIC INDUSTRIES LIMITED ,Udaipur Duration- FEBRUARY 2015 –AUGUST 2015

Designation: Plant Manager (Technical)

Responsibilities-

- Managed operation & maintenance of machines & equipment in reducing downtime and enhancing operational effectiveness of equipment in handling Gang Saw's , Polish Machines , Gantry Cranes , Air Compressor's, Edge Cutting Machines, Water Pumps ,Slurry Pumps etc.
- Responsible for the planning & implementation of daily maintenance activities and supervision of production.
- Responsible for Project cost estimate, Bill of quantities and Implementation.
- Responsible for replacement of Gang Saw's Connecting Rod.
- Inventory management with minimum stock level.
- Preventive maintenance planning and maintenance planning for major equipment on yearly basis.
- Prepare the detail drawing of spares which developed in local market, cross-check and inspect according to the prerequisite.

Employer: BINANI CEMENT LIMITED , Pindwara Duration- May 2012- July 2013

Designation: Mechanical Engineer

Key Responsibilities-

- Responsible for the maintenance activities in Cement Mill Section comprising 4 cement mills (2x150 TPH, 1x180 TPH- Make FLS
  & 1x160 TPH- Make China)
- Managed operation & maintenance of machines & equipment in reducing downtime and enhancing operational effectiveness of equipment in handling conveying equipment like Bucket elevator, Belt conveyors, Screw conveyors, Air slides, Deep pan conveyor.
- Planned the preventive maintenance activities and implemented the same within the stipulated time period.
- Updated daily data of section running parameters and supervised cement mill section.
- Responsible for replacing chain of chain bucket elevator and replacing ball mill's inlet head, diaphragm's, first chamber shell lining plates, O-Sapa Separator's Louver Plates.
- Involved in condition monitoring (vibrations, temperature etc) of various machines (Gear Boxes, JPF etc.) and analyzing the same and take corrective measures as required.
- Identified root cause of failures and implemented quick breakdown solutions to put the machines back in operation within minimum turnaround time.
- Actively involved in replacement of mill's feed belt conveyor, belt conveyors and Girth Gear's drive pinion.
- Actively involved in the major shutdowns.

Employer: GOVT. ENGINEERING COLLEGE JHALAWAR Duration- November 2011-April 2012

Designation: GUEST FACULTY- MECHANICAL ENGINEERING

Responsibilities-

Responsible for teaching Mechanical Engineering for 1st and 2nd year classes.

EDUCATIONAL CREDENTIALS

Bachelor of Technology

(Mechanical Engineering), 2011

Completed **B. Tech** in **Mechanical Engineering** at **Govt**. **Engineering College Bikaner** affiliated to **Rajasthan Technical University, Kota**
B-Tech- 64%

Higher Secondary- 2006

CBSE Board- 72.22%

Secondary- 2004

CBSE Board-76%

Technical Skills

SAP (Preparing Delay/Breakdown Report Notifications, Materials Issue), MS Office Tools & Internet Applications

Project Undertaken

Design and Fabrication of Solar Ceramic Drier

Industrial Training

1 Month training in Coal Handling, Steam Turbine and Power Generation at Kota Super Thermal Power Station from May 2010-June 2010.

Date of Birth: 1 May 1989

AIM: To be an experienced professional and successful in life & to serve mankind.
